was always looking ahead to be sure that all the dates were covered. On occasion, when a group needed more support, she quickly found ways to help them be successful. Being a careful planner meant that she also looked ahead to find new volunteers to help our mission of providing a hot meal every single day of the year. Her most recent group she worked with, Compass Health has volunteers from senior care facilities run by Compass Health. Terri took enormous delight in seeing the joy of senior citizens, many in wheel chairs, preparing and serving meals. She loved helping and proving that no one is never too old to help. We send our condolences to her family and many dear friends. We will all miss Terri.
